YEAR 12S REFLECT ON THEIR SCHOOLING

I have been attending Christ the King Anglican College since I was in Year 5. I remember sitting at the little tables of Mrs Schneider's mixed class. The school reception was where the current Year 3-4 class is now and we had less of chance hitting any buildings when we played footy.

We could eat lollies, drink creamy soda and have a meat pie any day of the week from the canteen. Throughout my time at CKC I have seen a lot of changes and developments. People have come and gone and yet I have been here to see it all happen. I have very fond memories of my CKC schooling.

I have been proud to be able to represent my school in many ways, not only as school captain. Because of CKC I have been able to welcome exchange students as well as participate myself in an exchange programme with Japan.

I hope to be training as a nurse for the next five years. I would like to thank staff here for all their help over the years.

Kirsty Lowe

Throughout the last six years that I have been at CKC there have been many moments that I will always remember. The last two years (Years 11 and 12) have been the most fun out of all my school years. I have seen

the school grow from three buildings to what it is now. If you are thinking about not doing Year 11 and 12, let me tell you that you will have the most fun out of all your school years if you do VCE.

Emma Coleman

Wow! Thirteen years!

For the last thirteen years I have been attending school, and let me say, "What a ride!" It has had its ups and downs. There have been good times and bad. For those of you who do not plan on doing Year 11 and 12, you are crazy!

The past couple of years have been the most weird, whacky fun that I have ever had.

There are many fond memories which I will keep with me through the years. I still cannot believe it is really just about finally over... I would almost say that I am going to miss being at school... almost.

I plan to do Engineering at University.

Andrew Tovey

I have enjoyed going to Christ the King College during the six years I have been here. It has been great to see all the changes to the school in that time. I remember getting a shock when I first came to this school because the most students I ever had in my primary class was only sixteen.

I have enjoyed my time in VCE because we had such small classes and we all got on fairly well. Next year I am hoping to do the Diploma of Hospitality at TAFE in Shepparton.

Jodi Donan

COMING UP SOON

- **VCE Exams begin**
Friday 30th October
- **Cup Gala Dress-up Day**
Friday 30th October
- **OMISSA Summer Sports**
Selected students Years 7 - 10
Friday 30th October
- **Melbourne Cup Holiday**

THANK YOU!

to Baker's Delight and to Heritage Meats for their kind donation of sausages, bread and serviettes for our Grandparent's Day earlier this term.

Your generosity is very much appreciated.

Over my many comings and goings to and from CKC, (*Sam left in Year 9 to go to Queensland. Ed.*), I have witnessed the school grow greatly, both in numbers of students and in strength as a school. The teachers at this school have helped me to reach a point from which I can now pursue studies at university, hopefully next year if I do not take a gap year.

Sam McMillan

It is hard to believe that I have made it through thirteen years of school. Thinking back to the first few weeks at another school when I really did not want to go, I remember I was not sure if my teachers liked me; but these last few years have been the most fun I have ever had at school.

To all of those students thinking of not doing Year 11 or 12, you will be missing out. Years 11 and 12 were the best fun that I have ever had at school.

I plan to take a gap year and maybe try life in the army next year.

Josh Morris

EXPLORING ANCIENT GREECE, MAKING TOASTS & GAMBLING...

Ancient Greece Day

The Year 7 students had an incredibly busy week last week, embracing the intellectual and physical challenges of Ancient Greece in an all-day celebration.

Students were allocated to famous city-states of the times and took part in a series of challenges including a quiz and an array of physical feats. The Spartans maintained the ancient tradition of reigning victorious!

Students had a well earned break from these taxing activities, cooking a variety of traditional Greek recipes such as Spanakopita, Ambrosia and Tzatziki. After feasting on these delights, they shared them with many staff and students.

CKC & St Margaret's Fete

Friday 13th November

3.30pm-8:00pm

St. Margaret's Church

Maths Camp

Mathematics and English joined together in an overnight Year 7 camp and formal dinner. Students embraced the opportunity to don their finery for a sit-down, candlelit dinner. They discussed and practised appropriate table manners and etiquette. Assuming the identities of Oscar award winning producers, Commonwealth Games Gold medallists and bridesmaids (to name a few) students proposed a series of toasts fitting to the occasion.

After honing their toastmaster skills, students were then transported to the world of Monte Carlo. They applied their mathematics skills and their knowledge of probability in a series of casino style games. The pitfalls of gambling became evident as the night unfolded and many a shirt was lost (figuratively speaking, of course!).
